Welcome Letter

Dear friends,

After 8 immensely successful International Congresses on Autoimmunity, we are pleased to welcome you to our 9th International Congress in the exhilarating and beautiful city of Nice.

We are compiling a scientific program surpassing all previous meetings which will include the latest discoveries in all related autoimmunity topics.

Leading scientists from all over the world will be joining us in Nice, to enrich our knowledge with their lectures and courses.

In 2012 we hosted as many as 2,350 participants in Granada and I would like to take this opportunity to once again thank our sponsors for their support. We hope to achieve this impressive number of participants again in 2014. We are sure that the 9th International Congress on Autoimmunity will fulfill all your expectations.

Join us and enjoy the thrilling combination of science, professional exchange and great company in a Mediterranean atmosphere. Catch up with old and new colleagues and establish new relationships while discovering the latest developments in Autoimmunity.

We look forward to seeing in Nice in March 2014!

Sincerely yours,

Prof. Yehuda Shoenfeld, MD, FRCP
Congress President

Join the Autoimmunity Network

The [Autoimmunity Network](#) is the ideal forum for you to interact and collaborate with other physicians, immunologists, rheumatologists and researchers about all things autoimmune disease-related.

If you haven't already signed up, [click here](#) to become a member. Find the latest autoimmunity-related research, discuss diagnoses with colleagues, and among other things, see the impact of the international consortium centers working together to cure autoimmune diseases around the world.

Praise from Autoimmunity 2012 Participants...

Ferdinando Nicoletti, Italy

I have enjoyed it as the best of all the superb Congress of Autoimmunity that you have organized and that I have attended (Budapest, Porto, Lubljana). Every time I feel the last Congress unimprovable for organization and scientific level and every time you succeed in making the next even superior....

I look very much forward to Nice.

Marie Agnes Dragon-Durey, France

It was really fantastic and I appreciate everything: the plenary sessions and the satellite symposia and of course the place! The organization was remarkable and the scientific program of very high quality.

I really enjoyed and I thank all of you!

Chella S. David, USA

Thank you for inviting me to the Granada meeting. It was one of the best. The place was breathtaking, the Science was exhilarating, the company was superb and social events were out of this world. Best Wishes and Looking forward to Nice.

Georg Wick, Austria

As expected, you and your crew (including your family) did a wonderful job in organizing this Congress.

I enjoyed everything, from the scientific program, over the instructive exhibition to the outstanding social program.

In addition to receiving a lot of new ideas and discussing our own results with competent colleagues, the Autoimmunity Meetings are really the biannual highlights for the "Family of Autoimmunity" as you rightly stated in your addresses.

Thus, it was nice not only to make new acquaintances but also meet old friends that have become close to my heart over the years.

We look forward to seeing you in Nice!
